Reynold India Pvt. Ltd. is
the largest manufacturer
of process chillers in
India,

EDITOR NOTE

Reynold India

While March marks the end of one financial year—and historically a busy month for us here at Reynold India, we take the time to celebrate the small things. From employees' birthdays, to a special mention for all those who work tirelessly everyday to realise our vision for the company. March also brings with it, the beginning of spring, and with it the festival of Holi. At Reynold, we celebrate Holi to its fullest, and try to embody what this beautiful festival means—a new beginning and a chance for all of us to start fresh. Please enjoy a small glimpse of our month.
